

HCR Leadership and the PCA National Office continue to closely monitor the coronavirus situation.

FIRST AND FOREMOST IS THE HEALTH AND SAFETY OF OUR MEMBERS, VOLUNTEERS AND SPONSORS.

Fortunately, I have not received any notification or information about any HCR member testing positive for COVID – 19

HCR continuously monitors federal, state and local and municipal websites; and those of the CDC ([CDC](#)) and the WHO ([WHO](#)). National is monitoring CDC and WHO daily. National VP Cindy Jacisin is the POC for COVID-19. HCR President Tuffy von Briesen is the HCR POC for COVID-19.

In my last email, HCR Leadership addressed each of our upcoming events through April 23. The result was cancellation or postponement of those events. In addition, the April 25 visit to the John Paterson collection has been postponed. The Monthly Informal Breakfast scheduled for April 26 is cancelled.

These actions are the best for the overall health and safety of our membership. In April we will start to assess our May activities.

We urge you to exercise elevated personal hygiene and personal space etiquette as recommended thru all public health information organizations.

If you have any questions, please email or call. We will continue to update the membership on a regular basis.
