

HCR Nominating Committee

- The HCR Nominating Committee is an ad-hoc committee selected by the EC comprised of three members who are not currently under consideration for elected office.
- The Nominating Committee's key responsibility is to review candidates for elected office and recommend a slate of officers to the EC. These responsibilities are fully documented in the HCR Bylaws. <https://hcrpca.org/documents/>
- In addition to the above, the Nominating Committee will solicit, review, and recommend volunteers for all open HCR positions to either the appropriate Standing Committee Chair or the EC.
 - This includes reviewing all volunteer offers received from Members who were solicited either through HCR media sources or surveys.
- The Nominating Committee will promptly respond back to any Member's offer to volunteer with an email acknowledging receipt of the request, and a target date for feedback on the Member's offer.
